

Dear [OTDS],

As a Member of Parliament who has been working to combat human trafficking, I want to thank you for taking steps to educate truck drivers about human trafficking and incorporating TruckSTOP materials into your curriculum. Truck drivers have an invaluable opportunity to help prevent and report human trafficking.

I would also like to offer to speak on human trafficking at the Ontario Truck Driving School. Having spoken across Canada and around the globe, I strongly believe that education is our greatest weapon. Every opportunity we have to inform someone about human trafficking is critical.

Once again, thank you for your efforts through the Ontario Truck Driving School.

Sincerely,

Joy Smith, B.Ed., M.Ed.
